## IN THE BASEBALL WORLD. SPECIAL LEAGUE MEETING HERE

AT 2 O'CLOCK TO-MORROW. Settlement of St. Louis Case and Other Milement of St. Louis Case and Other Matters to Be Considered How Becker Will Proceed to Land Robison's Team— New York Club's Policy to Be Discussed.

A special meeting of the National League will be held at the Fifth Avenue Hotel to-moror afternoon at 2 o'clock. President Young pet out a call late Tuesday night in response to a request from certain club owners who to a requirement of the St. Louis-Cleveland jes. The meeting is a necessity because of the status of the St. Louis case. Edward C. he states. Who is the biggest stockholder in the Bootsman - Park and Club and has also purslub's assets outright for \$35,000, of make formal application to the League for the franchise, or, in other words, the right to have ball in the Mound City. Becker will also represent the American Baseball and shiets Exhibition Company, the new corpontion which will operate the game. A request non Becker for the right to transfer the franthis from the Sportsman's Park and Club to the new organization named will also be made to that the game can be resumed in St. Louis free from any 'egal complications that may Whether Becker has a secret understanding with Robison or not does not seem to out much of a figure, in the estimation of these who have looked at the situation from a legal standpoint. The statement is freely made that the League will be compelled to reccentre Becker, as soon as he has exp'ained his Nobody doubts, however, that Becker and Robison have some private agreement. In fact, some of those who are in a position o know orenly admit this. They talso say that when the League has sanctioned the deal. Robison will be elected President of the American Baseball and Athletic Exhibition Compans, otherwise known as the St. Louis Club. It it was impossible for Robison to land in St. Louis with his strong Cleveland team, this meeting would not have been called, it is said. But the fact that President Young got his cue rem one of Robison's close friends is thought to be conclusive proof that the deal has been

virtually closed. There are still rumors of a reduction of the There are still rumors of a reduction of the circuit. Nobody in the League appears to more whether any change can be made or not. Nearly all of the club owners declare that it is too late now ocut lown the membership, but some of them have made the assertion that at least two clubs may be unable to play the sebedule out. Hort Cleveland and Baltimore are regarded as weak shorts. It is thought that Robison may tire of making up a big desirt of Cleveland with some of the profits taken in at St. Louis, and that the Brooklyn Clab may also tire of carrying a white elephant in Baltimore. The delay in completing the St. Louis-Cleveland deal is given as the rincipal reason why the circuit reduction plan, outlined last December. has been effectually blocked. There is no doubt, however, that a new circuit will be arranged in the near future, for all of the magnates agree that the continuance of the present twelve-club circuit during the next three sears would be suicidal.

President Young has completed his umpire staff, it is said, and The Sun is informed that he will amont these names to the League for efficial sanction. Lynch, Emsile, Connolly, Swatwod, Snyder, Gaffney, Andrews, O'Day, Melonaid, Smith, Warner and Burns. Prominent on the waiting list are Hunt, Latham, floiliday, Ganzel, "Adonis" Terry, Pfeffer, Doe and Jerry Denny. The absence of Tim Hurst's name will be a source of disappointment to those who have seen him conduct chambionship games. On the "waiting list" are several man who are thought to be more competent han found's linual selections. Terry and Pfeffer, if would seem, deserve regular borths.

Pieffer, it would seem, deserve regular berths.

At the last meeting of the League a measure was bassed almost unnoticed which is of yeal importance to the minor leagues. It amples to the "farming" evil. Hitherto National League clubs have been in the habit of taking updainor leagues there is no the habit of taking updainor league clubs have seen in the habit of taking updainor league club shave from a Western League club for a similar amount. That would reveat the man from being drafted for \$500 and would result in his return to the Western League club after the drafting period had expired. If the Chicago Club had a "farm" it could protect itself against the inroads of other club. The new measure adopted provides that no matter how much a club may ray for a player, the latter can be secured by sother National League club at the drafting precoreviting in the minor league from which the player has been taken. In a word, another League glut would take the Western League player of the Chicago Club's hands to \$500, even though it was grated that double that amount had been read for him.

Charleston, March 22—Warner's Vannigans

that amount had been raid for him.

Charleston, March 22 - Warner's Yannigans plated a game this afternoon with Capt. Borles regulars, and were wised out by a sorre of 17 to 4. The playing was good during the early stages of the game, though Brammoton was put in the box for the "Yans" toward the close, and he was sizinged for a dozen runs. The boy is weak, and the players say he may count himself jucky if he stiles with Manager Day during the team's stay in Charleston. He hand tone chance in a hundred of pitching for New York this season. Colcolough, the new man, did well this afternoon, and his arm is growing into shape. The lack of pitchers is causing much trouble here, and the team is ladir handicapued on this account. Without more men on the string the team will be cripted when the season begins. Thernan is still ca the sick list. He is weak and unable to work, and will probably return to New York ahead of the team.

Tyng Outspoken Against Sending the Amateur Championship West.

No one doubts the ability of the Onwentsia Club to conduct the amateur championship, out within the past few days a growing feeling that the Executive Committee of the U.S. G. A. has not shown good judgment in going for the second time to Chicago has been apparent among the New York players. James A. Tyng, who played at the Chicago meeting of 1807 and at Morristown last year, in an interview yesterday voiced the opinions of these Eastern players in a decided way. He said:

"It is impossible to reconcile the action of the U. S. G. A. Committee in selecting a Western course with any desire to promote the greatest interests of the greatest number except in an inverse ratio manner. The choice will hardly commend itself as fair and reasonable to the large number of golf players affected by the decision, and, as this is the only time the Executive Committee has had the right to select the links without consulting the wishes of the delegates to the U. S. G. A. annual meeting, it is likely that its unwise action will lead to a curtailment of the arbitrary power vested on that occasion in the committee, if I rightly judge the opinions of the Eastern golfers.
"That the interest and convenience of the

large majority of probable contestants should large maj-rity of probable contestants should be overlooked is hard to understand, especially if the committee had in its possession the information afforded by the following list which contains all the contestants who took part at Chicago or Morristown and whose score in the thirty-six-hole qualifying round was under 200. The names marked with a star are those who in either or both tournaments qualified to compete in the subsequent match play rounds:

match play rounds:

"West-Whigham", McDonald", Forgan", Willita",
W. H. Smith", Driver, Lippola and Waller,

Stout. Rice, Holbrook, Hockmeyer, Kane, Thurston, Huntington, Tappin, Allen, Carnegie, Perkins, Rennard, Robertson, Ripley, Grant and Graham.

"It will be seen that of the forty who thus qualified the West furnished live and the East thirty-live. Making the list a little broader, however, and including in it not only those who qualified, but also those whose score in the qualifying round was under 200, it will be seen that the West furnished eight and the East sixty-seven. It is safe to assume that the figures represent the present proportion of Eastern and Western players who are qualified in point of skill to cherish championship aspirations. Of course, there may be a number of new contestants this year, but, in the absence of any more rapid development of players in the West than in the East, it seems reasonable to accept the above figures as indicating the true proportion of the present day. In the light of these figures it is clear that the convenience of the Eastern players is entirely neglected. In 197 the U. S. G. A. went to Chicago to do 'missionary work.' If this consideration is to determine the choice of links, why not spread the light at cittes which have not as yet held a championship meeting? What is the special attraction at Chicago? Again, to choose the week of July 3 for the championship meeting is an unnecessary interference with the annual Independence Day events at the leading Eastern cluts, which national event, Why this should have been done is as much of a puzzle as the decision to make those Easterners who desire to try for anateur championship benors journey 1,000 miles to play as they had to do in 167."

A new departure made by the Hillside Ten-

nis and Golf Club will be watched with close attention by greens committees elsewhere The plan adopted has been to arrange at a lump sum for the entire care, maintenance and repair of the links with a local contractor named Van Beusekom. The club furnishes, the named van Beusschaft. The culturarises the necessary teams, harness, lawn mowers, rollers and all tools, the contractor feeding and caring for the horses and paying the laborers' wages, The experiment, if it succeeds, will take a good deal of trouble from the Green's Committee and possibly save the club some money.

New York A. C. Members Compete for the Annual Club Championships.

Some sharp competitions marked the annual wrestling championships of the New York A. C. last night. Only two classes, the light and middleweight, were represented, and in each class there were four competitors. Catch-as-

ork would get the bout, for he was th negressor from the start. Gerster took things easily for a time. Then he got a neck hold on Kelly and threw him in 4 minutes 13 seconds. Two 135-pound men, J. F. Hasbrock and C. W. Coleman, were the principals in the second bout. It was a sharp struggle, Coleman being the winner in 3 minutes 13 seconds. George the winner in 3 minutes 13 seconds. George Nonnenbacher and J. W. Southack came to-gether in the second bout in the 158-poun-diass. Nonnenbacher won the decision on a

class. Nonnenbacher won the decision on a flying fail.

The contestants in the second bout, 135-pound class, were Harry S. Lyons and William Lenox. They wrestled for six minutes without result, and after a rest of two minutes went at it again. Lyons won the fail and bout, after 4 minutes 50 seconds. The summary:

George C. Clausen awarded the blue ribbon to Patrolman Frank T. Baldwin's bay horse Harry, and a "growler" of out glass and silver went to the rider of the winner. Patrolman George Schaffner's Punch was second, and Adolph H. Holti's Gen. Merritt was third. Charles F. Bates showed the 10-year-old trotting stallion Warlock as leader to High Tide in the tandem class, and the old fellow's performance was so brilliant and well-mannered that in spite of his age he pulled down the prize. Warlock is widely known among horsemen as the sire of Annine. 2:11 K. Ackerland, 2:13 K. King Warlock, 2:14 K. and a lot of other erack trotters, including the noted pole horse Wert, 2:15 K, that was recently sold with his mate, B. C., for \$1,500. Bates says that Warlock is going to cut a figure at the big horse shows this year. He will probably be shown at Boston, Philadelphia. Long Branch, Newport and Madison Square Garden. L. F. James's unnamed chestnut horses were placed second in this class. Bates scored another win in the class for runabout horses with his National Horse Show champion The Whirl of the Town, but the competition was uncomfortably close. Arthur M. Hunter showed a remarkably promising stepper in the bay gelding Arden, winning second prize. Thirst honors fell to Sheriff Thomas J. Dunn's Kentucky mare Rosa Dore, winner of first prize in one of the saddle classes on the opening night of the show. Another blue ribbon went to the hero of West End avenue in the class for park four-in-hands. Hi and High Tide were shown in the wheel with Coxey and Brown Donna in the lead. Robert L. Gerry won second prize.

One of the star events of the night was the exhibition of ladies' combination harness and saddle horses, the competing animals being shown by their fair owners, firstlin harness besaddle horses, the competing animals being shown by their fair owners, firstlin harness lestore appropriate park traps and then under saddle. Momentary excitement was caused by Miss C. Adeialde Doremus and her noted show horse Chester just as this class was called. In entering the ring her runation struck one of the big gateposts, breaking the shaft and almost upsetting the vehicle. Miss Doremus jumped for safety, and her well-bred, perfectmannered high stepper stood as still as a statue until the broken vehicle was removed and a new one substituted. Chester performed cleverly both in harness and under saddle, and Miss Doremus got the coveted ribbon in spite of her mishap. Miss Mary Deering's Canadian Belle, ridden and driven by Miss Emily Beach, won second honors. Third prize went to Miss Whitcomb's His Nibs, cleverly handled by Mrs. Goode. Miss Elsie Ladew's bay mare Rosebud was fourth.

A fine lot of long-tailed saddle horses paradel before Commissioner Clausen in the first class of the evening and the prize went to A. Wolff's good gray gelding General. John J. Freedman's roan gelding Magnet was second. Charles L. Railey's Amador was third, and R. F. Amend's Pet was fourth. In the other saddle class on last night's card, Sidney Holloway pulled down the blue ribbon with the chestnut gelding Playfair; J. G. Flammer's Ursus was second. Miss Doremus's Saxon third, and Charles L. Railey's Saxum fourth.

## NEWS OF THE WHEELMEN.

REINSTATEMENT OF RACING TRACKS AROUSES COMMENT.

Local League Officials Face the Situation with Confidence-Hints of Some Surprising Developments Spring Cycle Show to Open at Grand Central Palace To-Night.

The reinstatement by the L. A. W. of the principal tracks of the East was the topic of comment yesterday among cyclists who are watch ing the fight for the control of racing. The tracks. excepting Berkeley Oval, had not be sought reinstatement, but now that they are at liberty to hold races under L. A. W. sanction if they choose to do so the speculation is whether they will or not. One peculiar phase of the situation is that the five tracks reinstated are members of the National Cycle Track Association, which has struck out every reference to League of American Wheelmen in its constitution and by-laws and substituted "National Cycling Association." Of course, the tracks are privileged to withdraw from the syndicate at any time, although not one has done so as yet. It is said in the N. C. A. requested an interview with the representative of Manhattan Beach it was curtly refused. The L. A. W. Racing Board officials now in this city are brimful of confidence, however. They imply that they have both sleeves full of jokers, and that within a month something will drop hard and there will be a great surprise. The facts concerning the tracks restored to good standing by the League are that they formed a combination with the Charles River Park track last year to League are that they formed a combination with the Charles River Park track last vear to run several pacing crews and pace followers. The park track, which is controlled by the Massachusetts A. went into the scheme for \$2,000, because it looked so promising, while the others engaged for \$1,000 each. At the end of the season the tracks had paid part of the subscribed amount, but not all, but they did not repudiate the debt. There was money due to pacemakers, and the manager of the Charles River Park track, who had been acting as Trensurer, demanded settlement. The other tracks said that they would make good for their \$1,000 if the Boston track would make good for its \$2,000 and give a guarantee that the money would be used only to pay the racing men. The Boston men took the case to the L. A. W. Racing Board and the live tracks, at Manhattan Beach, Bridgeport, Berkeley Oval, Newark and Springfield, were suspended. Manhattan Beach and Berkeley Oval recently paid the money due, aithough both are members of the N. C. A. and have declared their intention to hold races independent of L. A. W. sanction. They dist not want the stigma of being under suspension for non-payment of debts, and the facts were plainly represented to the L. A. W. Racing Board before it removed the suspension.

Board before it removed the suspension.

The New York State Division of the L. A. W. has "tirmed down" the bill drafted by Dixie Hines of the L. A. W. National Committee on Highway Improvement. Regarding it. Chief Consul Belding issued yesterday a bulletin to all consuls, the concluding part of which refers to the Hon. Timothy L. Woodruff, who has always been a friend to wheelmen:

A State law requiring uniform local ordinances regulating the use of buy-sics and other vehicles is much to be desired, but bill No. 1,300, 1,851, introduced in the Assembly by the Hon. C. F. Collins, and which has been referred to the Assembly Committee on General Laws, with its recent amendments, is detrimental to the interests of wheelmen and should be killed. Write to your Senator and Assemblyman and to each menther of the Assembly Committee on General Laws. Tou will find the name and address of your Senator and Assemblyman in the little "white back "mailed to you this week through the courtesy of our fellow member No. 17,417, the Lieutenant-Governor of the State of New York. If the book does not reach you promptly, you are requested to notify headquarters, as it is desired that every Consul should secure a copy.

The "Spring Cycle Show," or "First Annual Cycle Dealers" Exhibition," will open at 7 o'clock to night at the trand Central Palace Leading bieveles, as well as meritorious accessories, will be displayed and may be purchased by visitors. Hundreds of cups, medals, banners and other prizes that have been won by leading clubs and individual riders will be exhibited in a trophy hall. A trial track for the use of prospective wheel buyers and a eveling academy for those who desire to learn riding will be among the features of the show.

The cycle museum will contain blovele productions of 1810, 1838, 1833, 1833 and some so old their exact age is unknown. A novelty will be a Chinese bicycle dealers' booth, in charge of two Celestinis, where wheels and sumries may be purchased. Opening addresses will be made this evening by I. B. Potter, ex-President of the L. A. W., and Henry I. Budd, State Road Commissioner of New Jersey. A booth will be occupied by the League of American Wheelmen.

At the annual meeting of the Sunset Wheelmen of South Brooklen the following officers were elected: President, Jacob Oberlies: First Vice President, Jacob Oberlies: First Vice President, Jacob Oberlies: First Vice President, J. ## BASKETBALL.

Dr. Savage's Girls' Team Wins the Metro-

politan Championship. The girls' basketball team of Dr. Savage's Physical Development Institute won the championship of the Metropolitan district by defeating the Echo Club, the champlons of Westchester county. by default, at the gymnasium, West Fifty-ninth street, last night. The score at the end of the two fifteen-minute halves was tie, each side having scored six points, but as the Echo Club refused to play the tie off. Referee Jardine awarded the game to the home

team by the score of 2 to 0 The game was the second of the series of hree for the championship, and in spite of the disagreeable weather one of the largest rowds of the season was present. Each erowds of the season was present. Each of the winning team wore a neat-fitting blouse of red, trimmed with black braid, with the letter S in white on the breast. The Echo Club girls had on blue blouses with white trimmings. The game was a fast and spirited one from the call of time to the end. It Savage's girls showed up in much better form than their ope-ments, the latter's play being very poor at critical stages.

The ball was put in play at 9-15 o'clock, and Miss M Greec batted it right into Echo's territory, where it stayed for some time. The scrimmings were very spirited, and such triffes as hard knocks on the floor and side walls had not terrors for the girls. In one of these serimmages Miss N Armstrong got the ball, and, dribbling it to the side line, picked it up and shot the first goal for Dr Savage. The ball was then rushed up and down the floor, and Miss J Armstrong tried a difficult goal from the centre. The ball just missed the basket, but she followed it up in clever sivle, and scored on the next attempt amid great charring.

The home girls showed wonderful team work, and their dodging and passing would have put to blush some of our leading male cracks. The Echo Club girls braced up a little at this stage and managed to score a few moments before time on a pretty goal by Miss J. Spreer.

The second half was keenly contested. A

ments before time on a pretty goal by Miss J. Spreer.

The second half was keenly contested. A few moments after play Miss N. Armstrong scored for Dr. Savage on a pretty pass by Miss J. Armstrong. The visitors then started in toplay real basketball, and their team work and passing were much better. On two fouls committed by Dr. Savage's team Miss M. Creado Acordet Wiee, and just before time was called Miss J. Spreer scorediagain. The teams lined up as follows:

Dr. Savage, Position, Echo,

Miss N Armstrong Left forward Miss J. Spreer Miss M. Greec Centre Miss M. Greech Miss M. Hyland Eight guard Miss L. Mes L. Bert Miss F. Warner Left guard Miss K. Spreer Miss r. Warner.

### New York University Gymnasts.

Athletics at the New York University were much in evidence yesterday afternoon. In the contest for the Banka cups for all-around athletics only one man, Samuel Jones, 1802, qualified for the shot put with 32 feet. The mile was run by Richmond Reese, 1901, in 4 minutes 58 seconds, He has jumped from eighth to second place. As slowes was so far ahead of the second man in the total score he did not run the mile. He has now soil points, as against Reese 701, and W. Young 480.

Another record fell in the strength contest for the Banks cups. Henry B. Fernald, 1901, secred 1.144 points, breaking the college record of 1.137 made by C. F. Foster, 1900, last year. Lewis Blunt, 1902, took the second trophy.

The freshmen concluded the afternoon's work with a class gymnastic contest for the three Bunks cups, the winners being lewis Blunt, 1554 points; F. Cleverdon, 141; George Bailley, 1405; 1801, in 4 minutes 58 seconds. He has jumped from

went wild with enthusiasm to-day when Chan-cellor James R. Day announced at chapel that. Trustee Lyman C. Smith had ordered for the university crew the best eight-oared shell that could be made and proposed to back the 'var-sity navy until it should be on a footing with other universities. In announcing the gift of Trustee Smith the Chancellor said:

"A navy is needed by Syracuse to round out our athletic departments. We emphasize sound learning above all things, but we size emphasize athletic sports, for sound minds to be of the greatest use must dwell in sound bodies."

Gymnasium Director Scott said to-day that Gymnasium Director Scott said to-day that he would announce in all four colleges of the university to-morrow morning a meeting of the university men for 4 o'clock Friday afternoon for the purpose of organizing the navy. The crew will have the free use of the boathouse of the Lakeside Yacht and Boat Club, which is being built on Onordaga Lake. An eight-oared rowing machine will be procured at once, and the men will begin work on the water this spring.
